April 2, 2012

West Hines Hill and Wooded View area residents,

Cuyahoga Valley National Park [CVNP] officials have announced that the Krejci project has now met the soil standard goals required of the clean up. Re-grading and planting of the area are still required and those activities are planned to occur during 2012.

Our village engineer is now planning drainage, road reconstruction and a possible bikeway project along West Hines Hill Road and has applied for an Ohio Public Works Administration grant. If the village is successful, the grant dollars can be combined with CVNP funding from the Krejci project and our road levy dollars for the road improvements, drainage and a bikeway along West Hines Hill. The project is scheduled to proceed in 2013 once traffic to the Krejci project has subsided.

CVNP and Village Officials welcome you to attend a meeting at our Village Hall on Wednesday, April 18, 2012 at 7 PM to present the project timeframe and be able to answer questions on the project. Please plan to attend this meeting to better understand how the project will proceed.

Sincerely,

A handwritten signature in blue ink that reads "Bill Goncy". The signature is written in a cursive style with a large, looping "G" at the end.

Mayor Bill Goncy
